By Chesed Rudolph

V1:

Birds fly south in the skies above
Eb Ab Eb Ab
Escaping the cold of the places they love
Eb A Eb Ab
Making their way to sunny lands
Eb A Eb Ab
We follow likewise unaware of what's in our hands

But there is beauty in the winter's day

A song to be heard after the rain

Though the cold bites and I stand alone
Gm Bb Eb Ab
I'll stay with you another day

V2:

Eb Ab Eb Ab
We have a choice in this life we know
Eb Ab
To live like we're lovers
Eb Ab
To bare our broken souls

Not running away from the one we love
Eb Ab Eb Ab
Not hiding our face though the winters tough
